Of the 130 member brands of Vitrines de Lamballe, 47 offer, from Saturday 1 September 2018, a loyalty card. It allows customers to earn a percentage of their cash purchases. The card can be used at any time in participating stores.

In order to create it, you have to go to one of the stores in the city center, or to the market on Thursday morning in Lamballe where a stand will be provided for this purpose. A registration form must be completed.

To be used every four months

If the euros are accumulated for life, be careful all the same to use the Lamballe Pass card every four months minimum. Otherwise, the money is lost.

In traditional shops, we recover 4% of our purchases, compared to 2% in food shops and 1% at Carrefour Market.

To check your balance, simply ask a merchant or connect the [Vitrines de Lamballe website](#) with your card number and telephone number.
